

NO MONEY TO PAY DETECTIVE

Automobile Club Had To
Let Varela Go; Casares
Never Employed.

"A statement circulated to the effect that the El Paso Automobile club had discharged special officer A. C. Varela because he would not agree to work for Orndorff for mayor, is a lie made of the whole cloth," said W. G. Roe, president of the El Paso Automobile club. "Every director of the club, including Mr. Roe, particularly J. W. Kirkpatrick, G. A. Martin and Robert Kirkpatrick—who are about the only ones who attend meetings—know that we tried hard to increase our funds and keep him at work, but we had to let Mr. Varela go because we had no funds left with which to pay him. He did good work and if we had the money, we would still be using him. We accomplished some excellent results while he was employed and we saved the attendance of thousands of dollars by nipping in the bud some dangerous thieves. But we ran out of funds."

"The statement that Jimmy Casares succeeded Varela is untrue, for we had no money to employ him and never thought of hiring another man. I never saw Casares and do not know him. I cannot use the word in print that I would like to use in characterizing as false the statement that I met him in the office of sheriff Orndorff and arranged for him to work for the club."

"The El Paso Automobile club is not in politics and neither will it be. I am going to vote for Orndorff for mayor, but I am going to vote for men on both tickets for a term, because I am going to pick the men in each case that I think best suited for the job."

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Nitro-Phosphate
to Put on Firm, Healthy Flesh and
to Increase Strength, Vigor
and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing old hollow and anemic bodies with the soft curved lines of health and beauty, there are a plenty of thin people of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. By feeding the nerves with more phosphate than is contained in modern foods, physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as Nitro-Phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of good health.

CAUTION:—Although Nitro-Phosphate is unexcelled for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

Orndorff, Davis, Harper To Face Congregation

Dr. Knickerbocker Gives
Chance To Speak On
Civic Cleanliness.

Unique in the history of churchdom will be the appearance before the congregation of Trinity Methodist church next Sunday night of Burt Orndorff, John Harper and mayor Charles Davis, candidates for the office of mayor, who will each be given the opportunity to speak for five minutes on the subject of "Civic Cleanliness." The speakers, the Rev. Percy Knickerbocker, who evolved the novel affair, says, will be cautioned to stick closely to their subject.

Pastor Extends Invitation.
Mr. Knickerbocker first called Burt Orndorff Wednesday morning and extended to him the invitation to face his congregation. Orndorff accepted with thanks and in reply announced acceptance of the invitation by mayor Davis and John Harper.

No Questions Asked.
The congregation will not be permitted to ask the candidates questions, on the theory that the queries might be so numerous that meeting might extend far beyond the usual period. Special seating accommodations will be provided.

Orndorff Would Put Jinx Back On Streets

Burt Orndorff, in a signed statement issued from his headquarters Wednesday night, declared unequivocally in favor of a restoration of the city cars as a necessity to the end that adequate transportation facilities be afforded the people of the city.

The Orndorff forces will hold a mass meeting this evening in the Villa Hotel, on Lexington street, which will be addressed by Burt Orndorff and his fellow candidates and by George E. Williams, Orndorff mass meetings will be held at Alameda avenue and Columbia street, Thursday night and at the Highland Park school, Friday night.

TWO DAVIS MEETINGS; MAYOR AT FIVE POINTS

Mayor Charles Davis will address Highland Park voters tonight for the first time since his campaign. Talks will be made by aldermen R. C. Semple and W. T. Griffith. Thursday night a mass meeting of Davis supporters at Liberty hall is planned.

Mayor Davis predicted his reelection by a large majority, in addressing a meeting of voters at Five Points Monday night.

Other speakers were Frank Lyons, Charles Owen, Park W. Pittman, Ben Albert D. Smith, who was in command of the flyers who recently made the trip to Washington and return from San Diego.

In a statement in San Diego Tuesday, he said:

"The most profitable transcontinental airplane route is from San Diego over the Wilbur Wright airway to El Paso and Fort Worth, thence to the Atlantic coast to Washington, Philadelphia and New York. I believe that the flying time of this service can be cut to 48 hours and that an express service can be maintained every day in the year."

"Cost to coast service should include a condition that he would not be able to give his personal attention to the completion of the peace conference work."

ON WAY TO MEETING.
Premier Clemenceau, who was shot on his way to a conference with Col. E. M. House, of the American peace delegation, and Arthur J. Balfour, the British foreign secretary, an important question was to have been taken up concerning more rapid procedure before the supreme council.

The news of the attempted assassination reached Col. House by telephone from the foreign office just as he was starting from Hotel de Crillon with secretary Balfour. The two men at once began to consider what steps should be taken regarding the general situation created by the event.

Word soon came that the results of the first examination indicated that the premier's wound was not serious, but it was realized that, on account of his advanced age, he might be a considerable time in such a condition that he would not be able to give his personal attention to the completion of the peace conference work.

Owing to the fact that M. Clemenceau had in hand personally subjects now under negotiation, it follows that so far as these are concerned there must be a suspension of activity for the time being. These subjects were of vast importance as affecting the whole plan of the conference's operation, inasmuch as they related to the consummation of an early treaty of peace.

Clemenceau Not in Accord.
It is believed the premier's associated powers were in accord regarding the wisdom of speedy action with the election of premier Clemenceau.

The French government, while desirous of an early peace, doubted whether the moment had arrived when this could be arranged without sacrificing the fruits of victory, and it had been pointed out to the other powers what were regarded as grave omissions on the part of Germany to comply with the terms of the armistice.

Reports Contradictory.
First reports of the incidents of the shooting were contradictory, especially as to whether the premier was inside or outside his automobile when the shots were fired.

It seems to have been established, however, that M. Clemenceau was already in his automobile. The car was turning a corner of the Rue Franklin when the shot was fired. A man standing on the sidewalk, jumped to the door of the automobile and fired several times. One of the bullets penetrated the interior of the car and struck the premier in the right shoulder.

Three Hit by Shots.
The premier had tried to open the door of the car when the first shot was fired, and it was while he was thus engaged that the bullet hit him. His chauffeur, Brabant, also was slightly wounded. Thus one of the assassin's bullets, it appears, took effect, three on the premier, another on the chauffeur and the third upon the peace agent who was one of the police agents who guarded the premier.

It was in the struggle with the assassin that the police officer was wounded. Meanwhile, the premier had stepped out of his automobile and walked into his house.

The actual arrest of premier Clemenceau's assailant was made by police agent Labaghis. He also made

Precinct 4—Walter C. Williams, W. Carroll,
Precinct 5—Maurice Edwards, C. L. Sherry,
Precinct 6—DeKyla Smith, Lee Newman,
Precinct 7—Frank Cole, Wyatt Evans,
Precinct 8—Edward Kennell, C. W. Eason,
Precinct 9—O. L. Duckett, P. M. Riden,
Precinct 10—H. G. Schneider, R. E. Hartwood,
Precinct 11—F. W. Newell, Charles Heid,
Precinct 12—J. R. Barney, Alfred Littok,
Precinct 13—P. W. Bittick, U. R. Davidson,
Precinct 14—Dave Crockett, Van Wilson,
Precinct 15—R. J. Owen, S. A. Vanden,
Precinct 16—W. J. Bryan, J. E. Benton,
Precinct 17—Crawford Harvie, McL. Hutchens,
Precinct 18—L. Stevens, O. H. Osborn,
Precinct 19—F. H. Lashley, O. S. Osborn,
Precinct 20—Harry Burwell, P. J. Crowler,
Precinct 21—J. D. Mayfield, W. W. Littlejohn,
Precinct 22—M. Naga, N. E. Galen-tine,
Precinct 23—W. L. Galena, G. R. Davis,
Precinct 24—Otis Cole, W. R. Glendon,
Precinct 25—R. A. Whitlock, J. H. Grant,
Precinct 26—R. L. Nichols, Frank Hackett,
Precinct 27—M. B. Davis, J. L. Campbell,
Precinct 28—Frank Brennenman, Leo Hartford,
Precinct 29—E. W. Paw, E. W. Williams,
Precinct 30—W. G. Roe, J. M. Langford,
Precinct 31—C. M. Grider, E. W. Earl,
Precinct 32—Francis Gallagher, C. O. Gaines,
Precinct 33—E. L. Barror, John Blake,
Precinct 34—C. O. Crismon, W. W. Stewart,
Precinct 35—H. Y. Ellis, S. A. Aronstein,
Precinct 36—E. P. Lerner, C. A. Hirsch,
Precinct 37—J. L. Harris, A. H. Goldstein,
Precinct 38—Ben Norton, W. H. Grider,
Precinct 39—R. B. Redic, C. D. Windsor.

Many of the local pool halls, it is said, have made arrangements to convert their places of business into public houses, where they will serve drinks and eatables. At present there is but one bowling alley in the city, and this feature is expected to be added during the summer months, when duck pins are in vogue. It is said that owners of many halls plan to equip their places with the latest billiard tables.

A census taken of the attendants in the larger halls of El Paso shows that the majority are Mexican boys, used to rack up the balls after every game, and as porters. The largest number of tables in any hall in the city claimed to be 15, including one billiard table.

The first examination of the premier, London, Eng., Feb. 18.—The French embassy here has been advised that the condition of premier Clemenceau, whose life was attempted this morning, does not at present appear to be dangerous. The premier, the advice was taken immediately to his own house after the shooting.

An official dispatch received in London says that the doctor after an examination of premier Clemenceau, said that owing to his great physical powers, he might be able to ward off serious results.

Bullet Is Located.
The physicians in attendance on premier Clemenceau, according to an Exchange telegraph dispatch from Paris, say that the bullet entered the premier's left shoulder and had been located in his right arm, his right shoulder. The bullet has not yet been removed. Although the premier coughed, there is no more serious evidence of blood from the respiratory tract.

Report Two Men Involved.
Washington, D. C., Feb. 18.—The American embassy at Paris notified the state department today that an attempt had been made on the life of premier Clemenceau, but that a bullet wound inflicted by the would be assassin was not serious.

According to the story as related to members of the embassy, the assassin leaped upon the running board of the premier's motor car, fired through the window. One report said two men were involved in the attack.

George Clemenceau has been one of the leading statesmen of France for decades, but it was not until the critical stages of the great war that he took the reins and guided the country through to the end of the fighting.

With the war, or at least the actual fighting, over, Clemenceau continued at the head of the French government delegation in the peace conference, he has been an outstanding figure in the deliberations of that body, over whose sessions he presided.

Had Many Opponents.
Of an extremely vigorous and aggressive personality, premier Clemenceau while in office was not only a large and warmly loyal following, but as well determined and outspoken opponent. At every turn of affairs in the parliament, however, he has been able to wear down the opposition to him and just before the opening of the peace conference he and his administration were given a striking vote of confidence by the chamber of deputies.

Classed as Moderate.
Premier Clemenceau, while formerly classed as a radical, has come to be known in later years as a representative rather of the more moderate elements in the French body politics.

Notwithstanding his advanced years—he is 76 years of age—M. Clemenceau has continued in recent months to justify the sobriquet of "the tiger," which long has been applied, going through the trying work of the peace conference, with its many long sessions, without often showing signs of fatigue.

**SECRETARY BAKER CABLES
SYMPATHY TO CLEMENCEAU**
Washington, D. C., Feb. 18.—Secretary Baker today cabled Gen. Pershing for transmission to premier Clemenceau a message expressing sympathy and hope for his speedy recovery. It said:

"I am immeasurably shocked and grieved at the news of the shooting which is just reported by cable to us, and beg to express my deep concern and hope for your speedy recovery."

**NEW CALOMEL IS
BEST FOR COLDS
AND INFLUENZA**

Doctors Now Prescribe Calomel, the purified calomel, that is safe and non-sealess.

Doctors are warning the public that simple colds and mild cases of influenza lead to pneumonia, and other serious complications. They say that every cold should receive immediate attention and that the first step in the treatment is to make sure the liver is active. For this purpose Calomel, the purified, non-sealess calomel, is the surest and most agreeable laxative.

One Calomel tablet, taken with a swallow of water—that's all, no milk, no nausea, no danger and no upsetting of the digestion and appetite. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast.

For your protection, Calomels are sold in original sealed packages, price 25 cents. All druggists recommend and guarantee Calomel by official endorsement. The price if you are not delighted with them—Advs.

Pool Hall Laws Means Big Loss In City Revenue

Thirty-four Halls, Paying
\$15,800 Yearly, Will
Be Closed.

Thirty-four pool halls, equipped with 153 tables, and representing an estimated investment of \$150,000, will be affected in El Paso by the recently adopted bill in the state legislature, closing all pool halls in the state, according to figures in the office of city assessor and collector W. P. B. McSata.

One hundred and thirty-five employees (an estimate) will be thrown out of work, while places paying an estimated monthly rental of \$3400 will be closed. The annual city revenue of the pool halls is \$15,800 and that of the county is \$47,000. The number of halls and tables in operation in El Paso is believed to be nearly as large as in Dallas, Texas, where, according to statistics there are 29 pool halls, with a total of 156 tables. The investment in tables and equipment for the halls is estimated at \$150,000. About 500 persons in Dallas are employed at the halls, most of them being negroes.

Many of the local pool halls, it is said, have made arrangements to convert their places of business into public houses, where they will serve drinks and eatables. At present there is but one bowling alley in the city, and this feature is expected to be added during the summer months, when duck pins are in vogue. It is said that owners of many halls plan to equip their places with the latest billiard tables.

BOARD ORDERS ANOTHER SCHOOL

Approves Building In the
Block Bounded Eighth,
Ninth, Ochoa, Florence.

The matter of constructing a new school building on the block bounded by Florence, Eighth, Ninth and Ochoa streets, which had been referred to a committee, was acted upon by the board of education at their regular meeting in Bailey school Tuesday night, and architects were invited to submit plans and estimates for a 12-room one story building, to which another story could be added.

Bills covering the current expenses for the month of January, amounting to \$424.50, which were presented to the board, were ordered paid. The total net enrolment in the city schools is 16,919 and the total number shows an increase of 244 when compared with the month of December. The average daily attendance during January was 86 greater than the previous month.

New Teachers Elected.
The following teachers were elected to fill vacancies which have occurred from resignations: Miss E. Beddingfield and Mrs. M. Graham, Aoy; Mrs. Dorothy Blume, music; Miss Rita Dickerson, physical education; Miss Lorena Lacy, cadet; Miss Josephine March, working cadet; Miss Bernice Jenkins, Miss Annie M. Lewis and Mrs. Ruth Childress.

Resignations of Mrs. Laura La Gabe and Miss Winifred Wilson were granted.

Franklin school, being the only school in the city not having a piano, and as their need for such is said to be great, the board decided to rent an instrument for the remainder of the year for the use of the pupils in that school.

Orders New Fountains.
After investigation, it had been found that there were no drinking fountains in either Lamar or Alamo schools and several other school buildings in the city were short of fountains, aggregating a total of 53 fountains needed at present. R. R. Jones, secretary of the school board, was authorized to have the necessary number installed.

A communication from Miss Annie Webb Blackmon, state superintendent of education, requesting the continuance of the thrift stamp campaign in the schools, was referred to Supl. J. J. Tighe.

The purchase of additional equipment for the commercial department of the high school was turned over to Charles Stevens.

The request for a teacher for the Recesse school was referred to another meeting for lack of a final report.

Asks Salary Increase.
The request of Clara H. Chavez, teacher of Spanish in the high and W. C. A. night classes, for an increase in salary, was filed.

John R. Anthony, field worker of the Texas public health service, spoke to the board in behalf of the modern health crusade that is being waged throughout the nation under the auspices of the Junior Red Cross and requested the moral support of that body. The request of Anthony was granted and the use of the 10 minutes allotted to the Junior Red Cross in the city schools was given over to the work of the health crusade.

Dr. W. L. Brown presented the question of the disposition of the extra equipment installed in the Aoy school during the influenza epidemic, when the building was used for a hospital. A final decision was left to be acted upon at the next board meeting.

Members of the board absent from the meeting were Mrs. J. G. McGrady and E. M. Whitaker.

ENIGMA CRESHAW BACK.
James E. Creshaw, ensign in the United States naval aviation, has returned to El Paso since his recent discharge and reentered the School of Mines, where he is a junior. Creshaw enlisted from the School of Mines during the early part of the war. He is on the naval reserve list.

ENGINEERS TO MEET.
According to dean S. H. Worrell, of the School of Mines, a meeting of the directors of the Southwestern Engineers' association will be held in El
